<input type="checkbox"/>	March 26	New! Indoor AquaBasin™ & Rain Barrel Day	\$35.00	Hands-on				
<b>Grand Total Due</b>								\$

<b>BASIC Build a Pond Day</b> – a hands-on indoor seminar where you learn the 20 step process to installing an Aquascape 11' x 16' pond with stream – complete with Bio-Falls®.	<b>Build a Pondless Waterfall Day</b> - a hands-on seminar where a 4' x 6' pondless waterfall & 6' stream will be built. Great for your customers who don't want the liability of a pond but want to enjoy a waterfall and stream.	<b>Basic/BOG Build a Pond Day</b> – Same as the Basic Build a Pond Day but instead of installing a Bio-Falls®, we will be building a bog. A bog system has a more natural look, is easier to disguise and offers better filtration.	<b>AquaBasin™ &amp; Rain Barrel Seminar</b> – Designed to take the guesswork out of installing hand carved stone fountains and boulder fountains, the AquaBasin™ is a great way to quickly & easily install this popular style of water feature.
